

501 Writing Prompt Questions

High school exit exams, college placement exams, and other important high stakes tests require students to answer specific questions-in writing-while under pressure. In fact, the written exercises students encounter are assigned with the clock ticking and anxiety rising, so it is important to have a strong grounding in basic writing skills so that students can do their best when put to the test. 501Writing Prompts uses over 500 sample writing prompts that simulate actual test questions, all designed to help students gain the writing skills needed to ace exams. This book teaches precisely how to pull together the right 250 words or less to answer any writing prompt and full answers and explanations are included with each question.
