

Aging is NOT an Option!

The baby boomers 10-step guide to a long and health life. As we age, reaching good health involves a lot more than just diet and exercise. This book outlines the revolutionary 10-step program necessary to boost our immune systems, slow the aging process and give us the energy to live a long and full life. Almost half of all deaths in the U.S. are preventable, according to the Centers for Disease Control and Prevention. By becoming proactive in the approach to our health, we have the ability to reverse the effects of aging and minimize our exposure to most of the debilitating illnesses that are lurking around the corner. This book shows us how to accomplish that goal.
