

# Selling with Synchronicity: The 7 Inner Shifts that Make Selling Fun & Easy

Selling can be fun and easy! In *Selling with Synchronicity*, Sales Expert and Coach Ursula Mentjes expands the sales conversation beyond the selling process, and even the principles of her bestselling book *Selling with Intention*, into the realm of quantum physics, where ease, flow, and fun replace hard work, inconsistency, and frustration. On a mission to help Entrepreneurs and Sales Professionals quickly and easily make a lot of money so they can give back to the organizations they care about and live a powerful life, Ursula is sharing the 7 Inner Shifts that she made to transform a sales team losing tens of thousands of dollars every month into one that generated millions monthly, to grow her own business exponentially in a short amount of time, and to make *Selling with Intention* a bestseller on her terms when the industry-norm just didn't feel right. Making these 7 Inner Shifts will allow you to: Attract the Clients You Really Want to Work With, Set, Magnetize, and Achieve Your Sales Goals Consistently and With Less Effort, Create and Leverage Circles of Influence to Grow Your Sales Faster, Release the Money Beliefs that Keep You from Expanding Your Bottom Line, Live Inside the Flow and Increase Your Faith in the Magic that Awaits You. To demonstrate how the smallest shift can transform one's sales results, Ursula asked the members of her Synchronize Mastermind to share their personal stories of how making just one of these shifts completely changed their lives in a short amount of time. Are you ready to stop working so hard AND make more money?
