Here Are A Few Reviews From Around the World: UNITED KINGDOM: This book is written with love and concern for your health and wellness... -- Ntathu Allen CANADA: As a thyroid cancer patient (the) purchase of this book was my step in the right direction and should be for anyone who has health issues, or wanting to become healthier. -- Natasha USA: This book taught me to question every claim, examine the motives of government, media, blogs and authors, before entrusting the health of my family. I hope this author writes more books like this! -- Linda Kamel From The Natural Cures Series Publisher: Coconut Oil Miracle or Myth? is the first book of its kind. A book without hype or huge promises of miracle cures for some of the toughest trials and diseases we may encounter. Inside the book youll learn why coconut oil might heal an illness, how coconut oil helps lower cholesterol and shed excess weight, the recommended daily dose based on your weight, and more. Youll first be introduced to the underlying science of this humble but mighty oil. With that knowledge youll be able to discern if coconut oil has the potential to cure any illness, malady or disease (90 are already listed in the book). Next youll discover why coconut oil has left our shelves for so

many years, why North Americans are suffering an obesity epidemic, and who might be to blame. You'll also read about the research study and understand the simple solution of how coconut oil can help you lose weight. Coconut Oil Miracle or Myth? explores ninety common illnesses and diseases and considers how coconut oil could help to diminish symptoms and discomfort, or completely rid the ailment. Finally you'll learn a handful of easy ways to get more coconut oil into your family's diet. With 9 of my favorite tried and tested, easy and delicious, recipes using coconut oil and some standard pantry staples. Get coconut oil in your kitchen and get started cooking right away! The recipes don't stop there. Another 14 simple methods to use coconut oil for personal care are included with valid reasons to use them. You can get the chemicals of factory-made products off your family's skin and out of their mouths. This book has over 60 direct citations and footnotes; most from well-respected experts in nutrition and legitimate research studies. Coconut oil has been the first line of defense, the first item we reach for, and one of the few consistent staples in our cupboards for the past 20 years. You'll discover why, and how, our family uses it while getting the straight story on cures instead of media hype. So go ahead and Look Inside The Book. You will discover a book that was written in a friendly voice. A handbook on coconut oil that contains just enough science to empower you, without overwhelming you. Amazon has now included this carefully researched book in the Kindle Lending Library. Buy it, lend it to your friends, share what you've learned with others, and let the truth be known.
