

IEC 60704-2-9 Ed. 1.0 b:2003, Household and similar electrical appliances - Test code for the determination of airborne acoustical noise - Part 2-9: ... for electric hair care appliances

Applies to electric hand-held hairdryers for household and similar use supplied from mains, which operate with a flow of air. Can also be applied to analogous electrically operated devices such as hairstyling appliances, which produce the airflow by a fan. Does not apply to hair care appliances with radiant heating and helmet-type hairdryers.
