

The Saudi Kingdom

The Saudi Kingdom presents a rare, honest, and insightful analysis of Saudi Arabia's political stability in light of the mounting domestic and international challenges facing the country today. Directly addressing Saudi Arabia's inert monarchical ruling system, its foundational alliance with the Wahhabi establishment, and its increasingly dangerous environment populated with a diverse set of enemies, Ali Shihabi, a Saudi banker and political analyst, looks at the prospects for the survival of this difficult-to-penetrate monarchy and suggests ideas for reform that may help it better withstand the turbulent winds of change.
