

## The Hashknife: The Early Days of the Aztec Land and Cattle Company, Limited

Hardcover; Fine; Dust Jacket - Like New; 387 pp. index, bibliography, chapter notes, photographs, illustrations, mapped end boards, first edition. A fine unread copy in a fine bright dust jacket. An absorbing read. One of the Big Four Arizona cattle books. The author a thoroughly knowledgeable chronicler, sets the record straight, having been disgusted with the endlessly perpetrated myths, distortions, and just plain errors passed on about the Aztec and its legendary cattle outfit.
