

## MAGIC WAND FOR SALE, a story about lupus: A book that helps you to explain your Children to understand LUPUS

Paula spends her afternoons reading the newspaper to her mother, who suffers from Lupus. One day, she finds an ad that says Magic wand for sale, and rushes to buy it. When she arrives at the address, she finds a Chinese restaurant. There, an old lady gives her a pair of magic chopsticks and tells her that they will grant her two, and only two, wishes. However, she warns the girl that before making her wishes she will have to master the use of the chopsticks until she is able to catch a butterfly by the wings without hurting it.
