

Paths to Power: Living in the Spirits Fullness

We present in these pages an outline, which may at least serve to suggest the way to a greater spiritual power for many of us. Or, as the title intimates, each major idea may be a path leading to a life of abundant grace promised in the Sacred Word. Let us remember that a path is merely a way toward something; it can never be the thing itself. A knowledge of the truth is not enough; the truth must be followed if we would realize in actual experience the blessedness which is here described.
