

# The Portly Pixie Adventure Files: Volume 3

This is third volume in four detailing the adventure plots which were used between 1987 and 2005 at the Portly Pixie Live Role Playing Centre in Coventry, England. For old customers of the centre, this is the volume youve been waiting for! It contains not only the plots of the outdoor adventures but the infamous Beans Trilogy in five parts. They are being published so as to give a resource for others who may wish to create their own adventures within a fantasy medieval world for live action fantasy role playing. They should be read in conjunction with the Portly Pixie Live Role Playing System which is also available as a Kindle download.
