

## Stalking the Caravan

Afghanistan 1971. The rugged routes to Kabul teemed with worldwide youth in search of cheap drugs and enlightenment. With the idyllic dreamers came hard core criminals. Sent to Kabul to take on the criminals was Federal Narcotics Agent, Terrence Burke. Working undercover, often without backup, Burke dismantled smuggling operations in Afghanistan and India. He used renditions to return fugitives like Timothy Leary from Afghanistan to the U.S. and teamed with the Soviet KGB to close a drug route through the USSR. He challenged criminals in the Royal Palace and the Afghan Police. The issues he portrays in Afghanistan are still confronting us today.
