

# Studio Television Production and Directing: Studio-Based Television Production and Directing (Media Manuals)

Learn how to direct television programs, understand complex directing tasks, and learn the fundamentals of studio production procedure in this back-to-basics guide to studio-based productions. Learn about lighting, set, camera operations, floor direction, technical direction, audio, tape, graphics, prompting, and assistant directing. As its one of the most challenging types of programming, the live newscast is used to illuminate television producing and directing procedures for your newscast or other program genre. You'll soon be able to direct any type of studio-based program with ease.
