

The Complete Actors Television Credits, 1948-1988 (Actresses; vol 2)

Used as the principle reference source for the syndicated TV series Memories for uncovering actors past credits. This companion to the Actors volume of The Complete Actors Television Credits chronicles the individual performances of 1,739 actresses from January 1948 to August 1989. It is the largest and most accurate reference book on the subject, listing their credits for all network, syndicated, and cable entertainment programs, including many rare, never-before-published credits. Like the Actors volume, this cumulates and updates the information for 1950-1985 that appeared in the four highly regarded Actors Television Credits books. Each performer, including 328 new entries, is listed alphabetically. With a 48-page photo spread.
