

# The Daredevil Book for Anglers: Cunning Strategies That Fish Dont Know About.

Anglers can be odd types. Lawyers, bricklayers, bankers and double-glazing salespeople during the week, come the weekend theyre up to their wrists in worms, waiting, hoping, waiting some more, hoping again, losing hope, more waiting ... But why? The Daredevil Book for Anglers has the answer. This is a surreal and funny expose of one of the nations most popular sports. Sections include: The Art of Waiting (Sitting around on a riverbank for hours and hours, watching a float bobbing about a bit, without going stark raving mad); How to Lie (Caught anything? Its the question every angler dreads) and Yeah, Course Your Sons Desperate to Go Fishing with You (Why forcing the boy to learn to fish makes you a bit of a git). The perfect gift for the angler in your life.
