

The Equinox Vol. 1 No. 7

The Equinox (subtitle: The Review of Scientific Illuminism) is a series of publications in book form that serves as the official organ of the AA, a magical order founded by Aleister Crowley (although material is often of import to its sister organization, Ordo Templi Orientis). Begun in 1909, it mainly features articles about occultism and magick, while several issues also contain poetry, fiction, plays, artwork, and biographies. The last issue was published in 1998.
